

WOB YOUR WAY TO FUNDS

Making money for your library through a book buyback company

WHAT IS WOB?

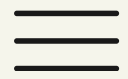

- **A new income stream!**

World of Books, which recently bought Sell Back Your Books, is a book buyback company. They use a proprietary algorithm to offer an amount based on what they can sell it for.

HOW IT WORKS

WOB has streamlined the process so it becomes easy - I have my volunteers do this in groups of 2 or 3.

1 MAKE AN ACCOUNT

<https://sell.worldofbooks.com/en-us>

Use the FOL email or create a new gmail
as status updates about your order will go here

2 SCAN YOUR BOOKS

Use a scanner or manually input the
ISBN into the search field
It will let you know if they are buying
or if they are not accepting

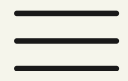

The Process

3 PRINT THE LABEL

Use a printer to print the free shipping label
only if you're dropping off at Fedex

4 DROP OFF AT FEDEX

Drop box at Fedex. They can give you a receipt
but I've never found a use for it as it's also online

THE BREAKDOWN

All books with an ISBN can be potentials for WOB. That means any books **WITHOUT** an ISBN cannot be investigated. With ISBNs being integrated around 1970 (not all books from 1970 have one) any “old books” cannot be examined.

This is a massive company with warehouses, shipping agreements, automated software, and much much more.
